V. Notes Regarding Life at Dormitories

1. Roommate/room type may not match your choice 100% and your roommate can be either an international or Korean student
2. Please be aware that the assigned room/dormitory/residence option cannot be changed upon personal request after being assigned a room
3. E-House is a suite-style dormitory with single/double/triple/quad rooms in 2-10 person suites. The number of people assigned means the number of people allocated per room, not per unit
4. I-House is for international students such as exchange and language center students so male residents may reside in the same building
5. Please apply for the dormitory after full deliberation as there can be discomfort caused by noises, differences in personality, age, nationality, living patterns and so on with other residents. The dormitory is a place where you live and share your everyday life with other residents, so please take this into account while applying
6. If the dormitory is subjected to any maintenance work, there can be noises and entry of workers to the building
7. There may be non-Ewha residents in the dormitory to participate in university-related programs during vacation. The primary participants are typically female, but male participants may be included in some cases. The dormitory will provide advance notice if such programs are scheduled to take place
8. [When participating in online classes or exams, you may experience data disconnection while using Wi-Fi since internet connection will be simultaneously used by multiple people over the same internet line. If your Wi-Fi continuously gets disconnected, Hanwoori and I-House residents may borrow a wired LAN from the dormitory. However, please note that you must prepare a separate converter that connects the wired LAN to your laptop](#)
9. Dormitory assignment will be cancelled when a resident does not meet the academic status requirements for residence at the dormitory such as not returning from leave of absence or being academically dismissed and so on; re-applying for 25-Spring is prohibited. Those who have already checked in to the dormitory but failed to meet the academic status requirements must inform the housing office and leave the dormitory. Those who do not report such changes will be evicted from the dormitory and cannot apply to the dormitory permanently
